

Endorsement

We write this letter of endorsement for Al Mulla General Maintenance LLC (MGM Interiors) to express our satisfaction with their way of working in all the big and small projects they have undertaken for us.

We have been impressed with the company by the efforts they put when they handled the fit-out work they did for our Oasis Mall outlet which was a relatively complicated project involving extensive re-configuration. The extent they go to eliminate errors are commendable.

We could always keep our monitoring of the work progress or quality to a minimal level when we assign them for any joinery or upholstery works.

The management of their own workforce was exemplary, as was there on & off site administrators.

We would have no hesitation in engaging MGM Interiors in future projects.

Given this 5th day of November, 2019
