To whom it may concern

When we worked with MGM interiors for Fitout and Furniture works of our restaurant Chez Sushi at Wasl Square Dubai, they have performed and delivered for us in an efficient and professional fashion which made us refrain from thinking of a new contractor for our newer restaurants in Dubai Marina, Business Bay and Arabian Ranches.

The project management team is exceptional and has built us the space in the stipulated time staying true to all the design elements. MGM made significant effort to understand the design, objectives of the space, and were always available to solve challenges as they arose. I continue to lean on MGM interiors for our Fitout and Furniture requirements, and hope to have an opportunity to work with them again in the future. We would emphatically recommend MGM interiors to our closest friends and business associates.
