TESTIMONIAL

Project: Fitout works at Unit B02-00-04 at Citywalk 2

We write this testimonial for MGM Interiors (Al Mulla General Maintenance LLC) to express our satisfaction with their way of working of our boutique store in City walk – Dubai – UAE.

We have been impressed with the company by the efforts they put when they handled the fit-out work which was a relatively complicated project involving extensive re-configuration. The extent they go to eliminate errors are commendable. We could always keep our monitoring of the work progress or quality to a minimal level

The management of their own workforce was exemplary, as was their on & off site administrators. We would have no hesitation in engaging MGM Interiors in future projects.

Mr. Toufik Jabban
Managing Director
