Dear Rayyan,

I am writing this on behalf of the amazing work you have conducted in our office.

Pioneer was looking to refurbish and re-do the entrance of our office, with a view to re-design key areas of our entrance.

Rayyan and MGM Interiors were extremely helpful in not only conducting the work, but advising us on what he thinks would be best, but also the work he conducted.

The work MGM Interiors conducted was polished, crisp and immaculate and I would not think twice about recommending him to someone else.

Rayyan himself went out of his way to conduct the work as it suited us, coming after business hours so as to not interrupt operations and was always available for any questions.

If there was any sort of contracting or interior design work to-be conducted at Pioneer, I would not think twice about hiring MGM or recommending them to someone else.

Best Regards,

Karan Mulani

Business Development Manager at Pioneer Insurance Brokers
